NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

1 GENERAL INFORMATION

K Cash Corporation Limited (the "**Company**") was incorporated in Cayman Islands on 25 October 2022, as an exempted company with limited liability under the Companies Act, Cap. 22 (Act 3 of 1961, as combined and revised) of the Cayman Islands. The address of the Company's principal place of business is 17/F, Wheelock House, 20 Pedder Street, Central, Hong Kong.

The Company is an investment holding company and its subsidiaries (together, the "Group") are principally engaged in providing unsecured loans in Hong Kong.

The shares of the Company were listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 5 December 2023.

This interim condensed consolidated financial information is presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand (HK\$'000), unless otherwise stated. This interim condensed consolidated financial information was reviewed by the Company's Audit Committee and approved by the board of the directors of the Company on 19 August 2025.

2 BASIS OF PREPARATION

This interim condensed consolidated financial information for the six months ended 30 June 2025 has been prepared in accordance with the applicable disclosure requirements of Appendix D2 to the Rules Governing the Listing of Securities on Stock Exchange and with the Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting".

The interim condensed consolidated financial information does not include all of the notes normally included in annual consolidated financial statements. Accordingly, this report should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2024.

3 ACCOUNTING POLICIES

The accounting policies adopted in the preparation of the interim condensed consolidation financial information are consistent with those adopted and described in the Group's annual consolidated financial statements for the year ended 31 December 2024, except for the amended standards as set out below.

(a) Amended standard adopted by the Group for the annual reporting period commencing on 1 January 2025:

Amendments to HKAS 21 and Lack of Exchangeability (amendments) HKFRS 1

The amended standard listed above did not have any impact to the Group's interim condensed consolidation financial information in the current and prior periods.

(b) New and amended standards and interpretations issued but are not yet effective for the annual reporting period commencing 1 January 2025 and have not been early adopted by the Group:

Effective for accounting periods beginning on or after

Amendments to HKFRS 9 and HKFRS 7	Classification and Measurement of Financial Instruments (amendments)	1 January 2026

HKFRS 18	Presentation and Disclosure in Financial Statements	1 January 2027
HKFRS 19	Subsidiaries without Public Accountability: Disclosures	1 January 2027
Hong Kong Interpretation 5	Hong Kong Interpretation 5 Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause (amendments)	1 January 2027
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

According to the preliminary assessment by the directors, the Group expected that these new and amended standards and interpretations issued do not have any significant impact on the Group's results of operations and financial position.

4 ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the interim condensed consolidated financial information, the critical estimates and judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2024.

5 SEGMENT INFORMATION AND REVENUE, OTHER INCOME AND OTHER LOSSES, NET

(a) Segment information and revenue

The chief operating decision-maker ("CODM") has been identified as the executive directors of the Company who review the Group's internal reporting in order to assess performance and allocate resources. Provision of unsecured loans in Hong Kong is the only segment in internal reporting to the executive directors for the six months ended 30 June 2025 (30 June 2024: Same).

As the Group has only one operating segment that qualifies as reporting segment under HKFRS 8 and the information that is regularly reviewed by the CODM for the purposes of allocating resources and assessing performance of the operating segment is the consolidated financial statements of the Group, no separate segmental analysis is presented. The CODM assesses the performance based on a measure of profit for the reporting period, and considers all business is included in a single operating segment.

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

We are principally engaged in the money lending business specialising in unsecured loans in Hong Kong under the Money Lenders Ordinance (Chapter 163 of the Laws of Hong Kong) under our brand names "K Cash Express" and "K Cash". We have integrated various technologies into our business operation to achieve digitalization and automation across the lending process.

Unsecured Property Owner Loans refer to loans offered to borrowers who are property owners in Hong Kong, mostly owners of properties acquired under the Home Ownership Scheme, without the need to provide any collaterals. During the Reporting Period, Unsecured Property Owner Loans remained as the major source of our revenue, contributing approximately 73.8% to our revenue. Interest income generated from Unsecured Property Owner Loans increased by 25.4% to HK\$121.4 million during the Reporting Period as compared to 1H2024. Our loan receivables for Unsecured Property Owner Loans increased from HK\$1,037.0 million as of 31 December 2024 to HK\$1,135.6 million as of 30 June 2025. In general, we were more inclined to grant more Unsecured Property Owner Loans during the Reporting Period, and our profitability is more secured by granting loans which have a lower risk of default.

We also provide Personal Loans and credit card advances through our PayKool credit card, which are unsecured loans offered to individuals. Our interest income for Personal Loans and credit card advances increased by approximately 9.4% and 5 times to HK\$36.1 million and HK\$2.7 million, respectively during the Reporting Period as compared to 1H2024, in aggregate contributing approximately 23.6% of our revenue for the Reporting Period.

Our loan receivables for Personal Loans decreased from HK\$253.1 million as of 31 December 2024 to HK\$249.4 million as of 30 June 2025, whereas our loan receivables for credit card advances increased from HK\$12.0 million as of 31 December 2024 to HK\$27.0 million as of 30 June 2025, representing an increase of approximately 125% which was a result of our increased efforts in promoting our PayKool credit card.

Our PayKool platform currently supports instant virtual card issuance, automated teller machine cash withdrawal, BNPL transaction and one click push to various digital wallet for tokenized base transaction etc., and we will continue to develop other functions and features to provide best customer experience to cardholders. During the Reporting Period, we launched several marketing campaign which are linked to the local tax payment season, and priority ticket purchase and exclusive rebate programs associated with local concerts.

Our interest income for SME Loans decreased by 24.4% to HK\$4.4 million during the Reporting Period as compared to 1H2024, and our loan receivables for SME Loans decreased from HK\$47.2 million as of 31 December 2024 to HK\$17.0 million as of 30 June 2025 as SME loans tend to be riskier due to limited collateral.

Based on our assessment of the current market conditions, we strategically decided to discontinue offering loans to SMEs as we do not foresee sustainable profitability in this segment. As part of our broader business strategy shift, we will be focusing our resources on areas with stronger growth potential, particularly Unsecured Property Owner Loans and our expanding credit card business, and we remain committed to supporting our customers through these channels.

On the fintech end, we enhanced our KCash GO repayment module during the Reporting Period which has been further integrated with the system of additional settlement bank partner. Also, we enhanced our cross sell and upsell efficiency through continuously upgrading our data analytic platform and campaign engine and introduced different customer engagement use cases on the PayKool platform.

Financial Review

Interest income

We recorded interest income of HK\$164.5 million for 1H2025 (1H2024: HK\$136.0 million), representing an increase of approximately 21.0% from the interest income for the corresponding period in 2024. The increase was mainly attributable to the growth in our interest income from our Unsecured Property Owner Loans business.

Interest income from our Unsecured Property Owners Loans increased by HK\$24.6 million or approximately 25.4% from HK\$96.8 million for 1H2024 to HK\$121.4 million for 1H2025, which was primarily due to the increase in our average loan balance (i.e. the average of our gross loan receivables at the beginning and the end of the period) by approximately 30.5% from HK\$832.7 million in 1H2024 to HK\$1,086.3 million during the Reporting Period since we were more inclined to grant more Unsecured Property Owner Loans in 1H2025.

Interest income from our Personal Loans increased by HK\$3.1 million or approximately 9.4% from HK\$33.0 million for 1H2024 to HK\$36.1 million for 1H2025 due to the increase in our average loan balance by approximately 4.4% from HK\$240.6 million in 1H2024 to HK\$251.2 million in 1H2025, whilst interest income from our SME Loans decreased by HK\$1.4 million or approximately 24.4% from HK\$5.8 million for 1H2024 to HK\$4.4 million for 1H2025 due to the decrease in our average loan balance by approximately 39.3% from HK\$52.9 million in 1H2024 to HK\$32.1 million in 1H2025.

Other income

We have recorded other income of HK\$5.3 million during the Reporting Period (1H2024: HK\$5.0 million) which mainly comprised of rental income from a related party, bank interest income and credit cards income. The increase of other income was primarily due to the increase in the number of credit cards issued and the number of transactions conducted by our credit card holders during the Reporting Period.

Interest expenses

We have incurred interest expenses of HK\$18.5 million for the Reporting Period (1H2024: HK\$14.6 million), which mainly comprised of interest on interest bearing bank borrowings. The increase in interest expenses by HK\$3.9 million or approximately 26.9% was primarily due to increase in average bank and other borrowings from HK\$333.5 million for 1H2024 to HK\$494.6 million for 1H2025.

General and administrative expenses

We have incurred general and administrative expenses of HK\$37.5 million for the Reporting Period (1H2024: HK\$32.0 million), which mainly comprised of employee benefit expenses, legal and professional fees, depreciation of property, plant and equipment and listing expenses. The increase in general and administrative expenses by HK\$5.5 million or approximately 17.1% was primarily due to the increment in professional fee and enhancement in technology related expenses.

Selling expenses

We have incurred selling expenses of HK\$14.9 million for the Reporting Period (1H2024: HK\$15.6 million), which mainly comprised of advertising and marketing expenses, credit card charges, employee benefit expenses, and depreciation of right-of-use assets. The decrease in selling expenses by HK\$0.6 million or approximately 4.0% was mainly due to the slight reduction in employee benefit expenses.

Expected credit losses, net

In 1H2024 and 1H2025, we recorded net expected credit losses of HK\$36.4 million and HK\$43.9 million, respectively, the increase was mainly due to the increase in size of our loan portfolio. We perform regular review of our loan receivables and assess provision for impairment by taking into account the underlying risk profile, historical loss experience, historical loss rate of loans with similar attributes and forward-looking information.

Profit for the period

As a result of the foregoing, our profit reached HK\$44.2 million for the Reporting Period as compared to HK\$34.3 million for 1H2024.

Liquidity and Financial Resources

During the Reporting Period, our primary funding channels mainly include: (i) funding from loans or facilities from authorized institutions; (ii) cash flows from our operating activities; and (iii) funding from a Japanese fund provider. Based on our current and anticipated levels of operations, barring unforeseeable market conditions, our future operations and capital requirements will be financed through loans from banks or other financial institutions that are independent third parties, retained earnings and our share capital.

Our Group recorded net assets of HK\$934.4 million as at 30 June 2025 (31 December 2024: HK\$917.6 million). As at 30 June 2025, our cash and cash equivalents amounted to HK\$41.6 million (31 December 2024: HK\$116.4 million), amount due to fellow subsidiaries amounted to HK\$0.1 million (31 December 2024: HK\$2.7 million), and bank and other borrowings amounted to HK\$497.3 million (31 December 2024: HK\$491.9 million). The decrease in our cash and cash equivalents was primarily due to increment in advances to customers and interest payment for bank and other borrowings.

Majority of cash and bank balances held by the Group was denominated in Hong Kong dollars, whilst the remaining was denominated in Japanese Yen. Save as the Group's borrowings from the Japanese company which was denominated in Japanese Yen and carried a fixed interest rate, all of the Group's borrowings were denominated in Hong Kong dollars and carried interest on a floating rate basis.

Capital Structure and Treasury Policies

The Company continues to adopt a prudent financial management approach towards its treasury policy.

The Board will closely monitor the liquidity position to ensure that the liquidity structure of the Company's assets, liabilities and other commitments can meet the funding requirements from time to time.

As at 30 June 2025, unutilised banking facilities available to our Group for drawdown amounted to HK\$190.0 million (31 December 2024: HK\$230.0 million). It is our policy to prioritise the utilisation of our available facilities which offer the lowest finance cost to our Group.

Our bank and other borrowings (tax loans excluded) for our working capital as of 30 June 2025 amounted to HK\$481.2 million (31 December 2024: HK\$467.4 million) with interest rates ranging from 5.10% to 9.53% per annum (31 December 2024: 5.10% to 10.0% per annum).

During the Reporting Period, all bank and other borrowings were repayable on demand and were secured by our loans and interest receivables. The amounts due to fellow subsidiaries were unsecured, non-interest bearing and repayable on demand.

Outlooks and Prospects

Supported by a resurgence in the property market, the unsecured loan market has shown signs of recovery in 2025 which is expected to stimulate demand for unsecured lending products. Additionally, the broader loan market is benefiting from moderate economic recovery, increased demand for subscription credit facilities, and the ongoing digital transformation of financial services.

Our credit card business has exhibited sustained and substantial growth, as evidenced by the marked increase of approximately 133% in the number of cardholders from 1,914 as at 31 December 2024 to 4,464 as at 30 June 2025. This expansion underscores the effectiveness of strategic initiatives in customer acquisition. The credit card business is expected to remain a driver of growth, and its continued success will be underpinned by ongoing innovation, targeted marketing efforts, and value added services that reinforce customer engagement and loyalty.

Innovations in artificial intelligence and data analytics are anticipated to enhance operational efficiency and customer experience, further driving growth.
